

SERVICE AGREEMENT

"Sarah" AI assistant — inbound enquiry qualification and follow-up

BETWEEN

The Provider

Girdlen LTD, a company incorporated in England (Private Limited Company). Company number (CRN): 14837617.

Registered office: 71–75 Shelton Street, Covent Garden, London, WC2H 9JQ, United Kingdom.

Trading as GILD-TECH Immo. Referred to as "the Provider".

The Client

Legal name: [Client legal name]

Legal form / registration: [Legal form / registration no.]

Address: [Client address]

Represented by: [Representative name] (title: [Title])

Email / Phone: [Email] · [Phone]

Referred to as "the Client". Together, "the Parties".

1. Purpose

The Provider makes available to the Client "Sarah", an automated conversational assistant that replies to the Client's inbound enquiries on WhatsApp, qualifies them (property type, area, budget, timeline) and organises follow-up to the Client's agents.

Selected plan: [Plan: RESPOND / CONVERT / DOMINATE]

RESPOND (Capture tier) · CONVERT (Convert tier) · DOMINATE (Develop tier, scope set out in an appendix). The scope of the selected plan is set out in clause 2.

2. Scope of services

The Provider commits to what is described below, and only to that. Any feature not listed is out of scope.

2.1 RESPOND — included and live from go-live

- Automated replies to inbound enquiries on WhatsApp, 24/7, within a target of a few minutes.
- Qualification conversation in natural language, in French, English and Russian (Thai available in writing; voice is not included — see 2.4).
- Capture of the key details: property type sought, area, indicative budget, timeline.
- Proposal of an appointment slot via the Client's booking link (configured at onboarding).
- Logging of each enquiry and its qualification into a spreadsheet (CRM) provided.
- Handover summary sent to the relevant agent on WhatsApp.
- Built-in safeguards: Sarah never invents figures (price, size), stays on the WhatsApp channel, and writes a recap before any handover.

2.2 CONVERT — included in addition to RESPOND

- Automated follow-ups of enquiries left unanswered (multi-touch sequence, no-show prevention).
- Automatic routing of enquiries to the right agent by area (routing / rotation).
- Linking an enquiry to a property in the portfolio and email notifications to the agency: these two items are set up and switched on during onboarding, at the pace of the Client's configuration (they are not live in the first minute).

2.3 Configured at onboarding (all plans)

These are not "off-the-shelf": they are set up together during go-live (clause 5).

- Connection of a WhatsApp channel dedicated to the Client.
- Appointment booking link (Client's calendar).
- Agency name and tone, areas and agent assignment.
- CRM spreadsheet. Calibration of messages to the Client's tone.

2.4 Out of scope (not included)

For full transparency, the following are not provided under this agreement:

- Voice Sarah (replies to voice messages and calls) — under development, not guaranteed, not included.
- Automated replies to Facebook / Instagram comments (comment-to-DM) — future roadmap, not available.
- Any integration with third-party Client software not expressly listed in an appendix.
- The drafting or legal review of the Client's listings, mandates or documents.

These may be added by written amendment if and when they become available.

3. Fees and billing

Amounts in pounds sterling (GBP), excluding any applicable taxes.

Plan	Subscription	Setup
RESPOND (Capture)	£290 / month	£990
CONVERT (Convert)	£490 / month	£990
DOMINATE (Develop)	£790 / month	£990

Selected plan: [RESPOND / CONVERT / DOMINATE] · **Monthly subscription:** [Monthly price] · **Setup:** [Setup]

Launch price (if any): [Launch price + duration]

The subscription is payable monthly in advance. The setup fee is due before configuration begins.

4. Term and termination

- This agreement takes effect on signature and runs month to month, with no minimum term.
- It renews monthly upon payment of the next month's fee. There is no tacit renewal into any fixed commitment: the Client is never locked in.
- Either Party may terminate at any time, by simple written notice (email). Termination takes effect at the end of the current paid month; no fee is owed beyond it.

- **30-day money-back guarantee:** if the Client is not satisfied during the first 30 days after go-live, the Provider refunds in full all amounts paid (subscription and setup) on simple request, no questions asked.

5. Go-live

Planned go-live date: [\[Go-live date\]](#)

- Configuration starts on receipt of the required access and payment of the setup fee.
- Indicative lead time: 3 to 5 business days for full configuration (WhatsApp channel, booking link, CRM, areas and assignment, message calibration).
- This lead time depends on the Client supplying the requested items. The Provider makes no promise of instant go-live.

6. Responsibilities and limitation

- **Sarah's role:** Sarah provides general information and organises the first contact. She never gives definitive legal, tax or financial advice, commits to no firm price and closes no sale. The client relationship, viewings, negotiations and all decisions remain the Client's sole responsibility.
- **Verification:** the assistant relies on artificial intelligence, which can be wrong. The Client agrees to verify any sensitive information before relying on it with a third party.
- **No commercial results guaranteed:** the Provider deploys the means described in clause 2. It guarantees no number of enquiries, appointments or sales.
- **Third-party dependencies:** the service relies on third-party providers (WhatsApp / Meta, booking calendar, Google, automation hosting, AI providers). The Provider is not liable for outages, changes of terms or account suspensions attributable to those third parties, nor for events of force majeure.
- **Limitation of liability:** the Provider's total liability, for all losses combined, is capped at the amounts actually paid by the Client over the last three (3) months. The Provider is in no case liable for indirect losses (loss of revenue, clientele, data or reputation).

7. Data and GDPR

- **Ownership:** the data processed (contacts, exchanges, qualifications) belongs to the Client.
- **Roles:** the Client is the data controller; the Provider acts as processor under the UK GDPR, solely on the Client's behalf and instructions.
- **Lawful basis:** the Client warrants that it has a valid lawful basis to be contacted by its inbound enquirers and to process their data.
- **Sub-processors:** the service relies notably on WhatsApp / Meta, Google, a booking tool, an automation host and AI providers. The Client is informed of and accepts this.
- **Export and erasure:** the Client may request at any time the export or erasure of its data. On termination, data is deleted within 30 days, save any legal retention obligation.

8. Confidentiality

Each Party undertakes to keep strictly confidential the other's non-public information (commercial data, contacts, methods, pricing) and to use it solely to perform this agreement. This obligation survives two (2) years after termination.

9. Payment

- Payment by Stripe, in GBP, by monthly advance charge.
- **Non-payment:** on a missed payment, the Provider sends a reminder. If not cured within 7 days, the service is suspended until payment. A suspension for non-payment gives no right to any refund.
- The setup fee is non-refundable, subject to the 30-day guarantee (clause 4).

10. General

- **Governing law:** this agreement is governed by English law. Any dispute falls to the competent courts of England and Wales.
- **Entire agreement:** this agreement and its appendices constitute the entire agreement and supersede any prior exchange.
- **Amendments:** any change requires a writing signed by both Parties.
- **Severability:** if any clause is held invalid, the others remain in force.

Signatures

Executed in **[Place]**, on **[Date]**, in two counterparts.
