

Sales automation for independent UK estate agencies

Built for UK estate agents — Rightmove, Zoopla, OnTheMarket, Reapit, Alto, Jupix, Street.co.uk. We call your leads back in under 5 minutes, follow up automatically, and prospect 24/7 so your negotiators focus on viewings.

WHAT IT FIXES

Slow callbacks

Leads contact 3 agencies. The first to answer wins. You're losing on speed.

No follow-up

60% of deals need 3+ touches. Without automation, they drop off.

Manual pipeline

Your team spends 10+ hours a week chasing, tracking, copy-pasting.
